

## QAP 1 Answers

Student: **Amy Dalziel**

Date: January 15, 2023

1. How many hours did it take you to complete this assessment? (Please keep try to keep track of how many hours you have spent working on each individual part of this assessment as best you can - an estimation is fine; we just want a rough idea.)

- i. **Approximately 2.5 hours**

2. What online resources you have used? (My lectures, YouTube, Stack overflow etc.)

- i. **W3 Schools**
  - ii. **TutorialsPoint**
  - iii. **Data Lectures (Peter's lectures)**

3. Did you need to ask any of your friends in solving the problems. (If yes, please mention name of the friend. They must be amongst your class fellows.)

- i. **No**

4. Did you need to ask questions to any of your instructors? If so, how many questions did you ask (or how many help sessions did you require)?

- i. **No**

5. Rate (subjectively) the difficulty of each question from your own perspective, and whether you feel confident that you can solve a similar but different problem requiring some of the same techniques in the future now that you've completed this one.

- i. **This assignment was not particularly difficult. The flexibility in the assignment allowed me to do quite a bit of reading/research about various SQL clauses AND get better familiar with the pgAdmin4 interface. It was a very useful activity!**

**One suggestion – I am really enjoying the lectures about Github, Github Desktop - and how they interact with Visual Studio Code. I wondered if these lectures might be useful for students earlier in the program (i.e. Sem 1 – Essentials, Sem 1 – Intro to JS) - it would have**

**solved a lot of challenges we faced in our Sem 1 and Sem 2 sprints! (Our team did try to do a bit of self-directed research during the sprints ... but these lectures have really been so beneficial!)**
